Gym Membership Enrollment Form

Aim

To design and build a functional **"Gym Membership Enrollment Form"** application in **Zoho Creator** that demonstrates the correct usage of all thirteen Basic Fields available in the Form Builder, while solving a real fitness-center requirement of collecting and managing new member enrollment details in a structured manner.

2. Procedure

2.1 Problem Statement & Application Scope

A fitness center currently uses printed forms for new member enrollment, which can cause missing or unclear information. The gym needs a structured system to maintain member details, fitness goals, preferences, and health information.

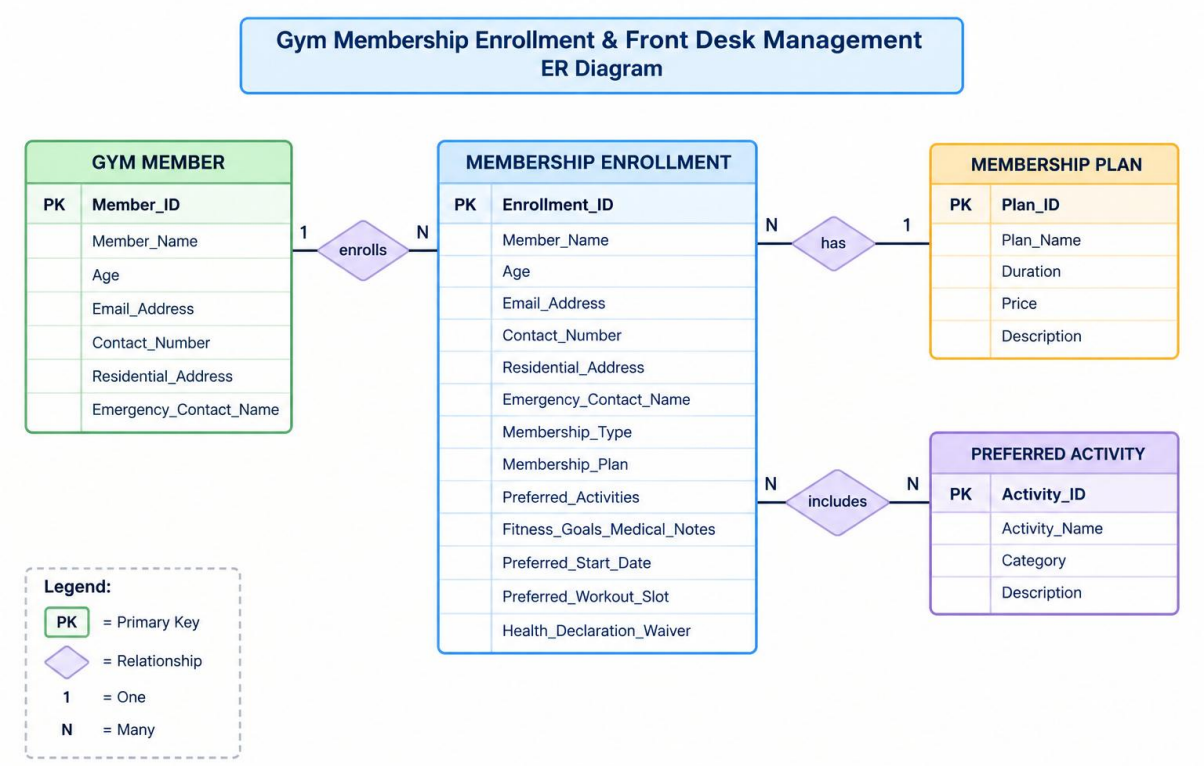

Design a **low-code Zoho Creator application** that allows members or front-desk staff to submit enrollment details through a single online form.

Application Name: Gym Membership Enrollment & Front Desk Management
Form Name: Membership_Enrollment_Form
Report View: Membership_Enrollment_Report

2.2 Data Model & ER Diagram

The Data Model represents the structure of the **Membership_Enrollment_Form**. The main entity is **Membership Enrollment**, which stores member details, contact information, membership plan, fitness preferences, workout schedule, and health declaration using Zoho Creator Basic Fields.

2.3 Basic Fields Used and Their Mapping

The table below maps every Basic Field from the Zoho Creator Form Builder palette to its role in the Gym Membership Enrollment Form

Basic Field	Form Field Name	Purpose
Name	Member_Name	Captures the full name of the prospective member using First/Last name sub-fields
Email	Email_Address	Captures a validated email address for enrollment confirmation and schedule
Address	Residential_Address	Captures the member's full residential address with city, state, and pincode
Phone	Contact_Number	Captures a validated mobile number for enrollment confirmation and reminders
Single Line	Emergency_Contact_Name	Captures the name of an emergency contact person

Multi Line	Fitness_Goals_Medical_Notes	Captures the member's fitness goals and relevant medical conditions
Number	Age	Captures the member's age
Date	Preferred_Start_Date	Captures the preferred date to begin the membership
Time	Preferred_Workout_Slot	Captures the preferred daily workout time
Drop Down	Membership_Plan	Provides a single-select list of membership plans
Radio	Membership_Type	Captures a single mandatory enrollment category
Multi Select	Preferred_Activities	Allows selection of one or more fitness activities/classes
Checkbox	Health_Declaration_Waiver	Captures the member's health declaration and acceptance of the gym's liability waiver

2.4 Form Layout

Section A — Member Details

- Member Name (First Name, Last Name)
- Age (Number field)
- Membership Type (Radio: New Member / Renewal / Corporate Enrollment)

Section B — Contact Details

- Email Address (Email field)
- Contact Number (Phone field)
- Residential Address (Address field)
- Emergency Contact Name (Single Line)

Section C — Membership & Fitness Preferences

- Membership Plan (Drop Down)
- Preferred Activities (Multi Select)
- Fitness Goals / Medical Notes (Multi Line)

Section D — Scheduling & Health Declaration

- Preferred Start Date (Date field)
- Preferred Workout Slot (Time field)
- I declare my fitness to exercise and accept the liability waiver (Checkbox)

2.5 Validation Rules

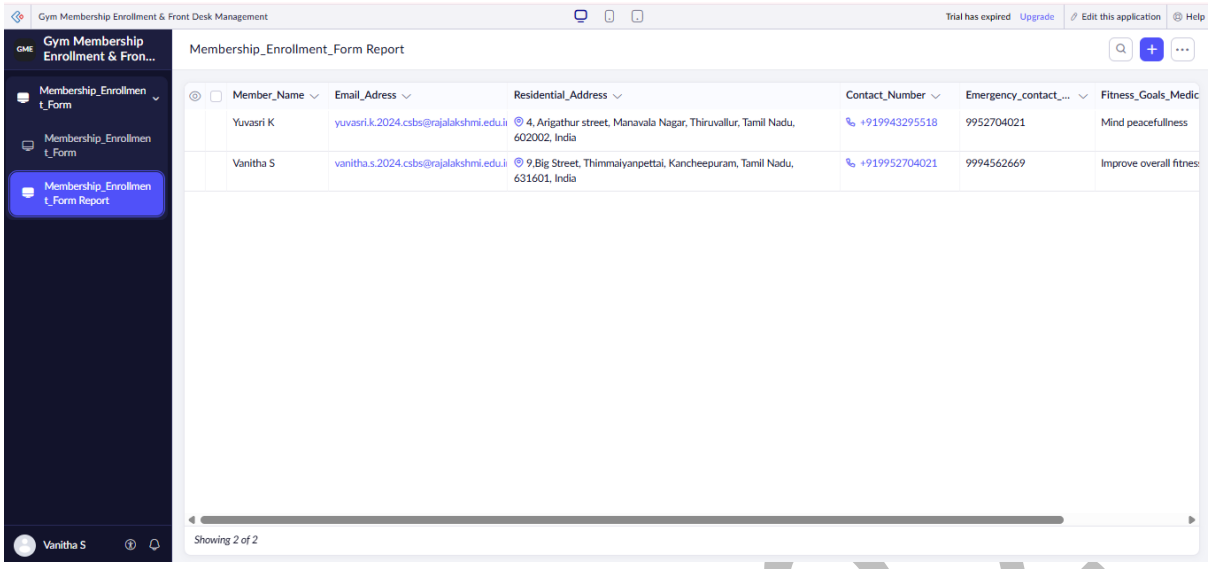

- **Mandatory Fields:** Member Name, Phone, Age, Membership Type, Membership Plan, and Waiver Checkbox.
- **Email:** Built-in email format validation enabled.
- **Phone:** Country code format enabled for Indian numbers.
- **Age:** Restricted from **14 to 75**.
- **Preferred Start Date:** Past dates are not allowed.
- **Health Declaration:** The form cannot be submitted unless the checkbox is checked.

3. Output

The following figures show the live preview of the form and the submitted admission enquiry records in the

report view:
